MISCELLANEOUS

SAN FRANCISCO-SAN JOSE—Including Ocean View Line

When moving stock from Bayshore to Union Stock Yard, it will be handled from westward main track through switch located 300 feet west of west portal Tunnel No. 3 and following rules will govern the movements:

INBOUND: Necessary flag protection will be provided on westward main track while switches are being lined up and until movement is clear of main track. All members of the crew will accompany yard engine to stock corrals.

OUTBOUND: When ready to make the movement, foreman will obtain by telephone from the signal operator at Bayshore Tower, a line-up of trains or other movements. When conditions are such that crossover may be made, flagmen must be sent to protect the movement. Line derail, wait a sufficient length of time to afford proper protection, then line crossover switch in eastward main track, next crossover switch in westward main track, and last switch from main track to stock track. After crossover movement has been made, line switches in normal position, closing crossover switch to eastward main track last. After which flagman may be recalled.

On double indicator, located near derail on stock track, eastward indicator will indicate "block occupied" after a westward train has passed the center of Tunnel No. 4 and remain so until the train has passed Signal No. 31 at the east end of viaduct at 14th Avenue. Westward indicator will indicate "block occupied" after an eastward train has passed Signal No. 22 at west end of viaduct and remain so until the train has passed Signal No. 38 located 500 feet east of east portal of Tunnel No. 3.

None of the switches above referred to must be changed from the normal position if one or both indicators indicate "block occupied."

When Santa Fe are operating tracks in this vicinity, Southern Pacific crews must make movements to Stock Yards under flag protection.

Westward trains arriving Redwood Junction during early morning hours when impossible to leave ahead of passenger trains, will stop east of Middlefield road crossing so local crews will not be delayed switching spurs.
